District Councillor – a resident contacted Cllr Rogers about erosion of cliff path, recent bad weather had impacted. Cllr Rogers contacted TDC Officer - two areas to be fenced off where unobstructed to cliff top, signage will be renewed/cleaned and added to. Long term, as cliff erodes, path will need to be moved onto private land. Officers will need to work with landowners to keep the public right of way open. Coastal Engineering Manager to carry out a survey which should provide evidence to private landowners. Cllrs Rogers/Davis/Chapman attended the first day of hearing for Cottington Road development and spoke against it. Cllr Chapman also spoke against it at a 2 hearing and submitted papers on behalf of Council & residents. It is anticipated that developers will win this appeal. Cllr Davis recognised Cllr Mole's assistance re' children's home.

All stand united against National Grid proposals - forcing issue re' using hoverport, will destroy habitat in Pegwell Bay and across marshes. Public inquiry commenced, Cllr Chapman spoke against the proposal and submitted papers on behalf of Council and residents, not expecting a result until maybe mid next year.

Police Officer – PC Howe introduced himself, he has been a PC for Thanet villages for last few years, Cliffsend added so 7 villages to cover. Cllrs for dealing with issue.

Meadow and Park area are now being regularly patrolled, yet to locate cannabis being used at this location, which seems to be an improvement. Level of litter has reduced in the park.

PC Howe also attends Thanet Parkway and nature park in the evenings, no issues yet.

Children in village have been spoken to in relation to e bikes and e scooters. Expensive items, e scooters are illegal if ridden in public spaces (unless within a rental trial zone) and can be seized by Police for no insurance/license as they are a mechanically propelled vehicle. Similarly, E bikes with motors of 250w and higher are also illegal without licence/insurance etc and can be seized. Pedal assisted e bikes with motors less than 250w are classed as a cycle and as such are lawful. On the run up to Christmas, please ensure that homes and vehicles are kept secure with no valuables on show.
